

KV 47 Your radio report

In groups of three, make a short radio report with the help of the useful phrases on the Skills page in your book or on KV 46. You can choose your own situation or use this one:

It's the sports day of a school in your town. For class 6, there is a football tournament¹. Class 6a is playing in the final against class 6d. One student from class 6a is really unfair and in the end he fouls² a student of class 6d so badly that he falls and breaks his arm. The ambulance³ arrives ... Everybody is really upset.

One of you is the news reporter, one is the reporter at the scene, and one is an eyewitness (a student from another class who saw the fouls). Write your report, then practise and present it.
